Identification form

Please, fill in this following form, save this document, and attach it in its original format (.docx) to your deliverables. Note that this document must be edited with the desktop version of Word for Windows since other versions does not properly support forms.

Please, make sure that you do not disclose any personal information regarding the members of your workgroup in any of the documents in this deliverable, except for the data requested in this form and only in this form.

Attaching this document entails that: a) you are the authors of the work delivered and you have not cheated in any way; b) you have read and understood the information delivered regarding the subject, with a special emphasis on the methodological aspects and how you are going to be graded; and c) you accept that neither the University of Seville nor its affiliates or representatives will accept any liabilities or responsibilities if you disclose any protected personal data in any way in this deliverable.
